

Plywood

Contact COVER-SOLUTION: tel +(33)0627898520
E-mail: contact@cover-solution.com

MATERIAL

Plywood, with multiple layers, which gives it durability.

UTILISACION

Plywood allows the creation of platforms for stages, bleachers, and also provides access for vehicles. The layers are crossed, which gives good strength.

Weight: 18 kilograms per plate

Dimension: 2.5 m x 1 m per plate, 0.03 m in height.

Transport: 50 plates per pallet.
